

## DECLARATION

I... being duly sworn, hereby declare and state as follows:

...

2. I have been in Scientology since 1975 and a Sea Org member since 1983. In the 20 years that I have known Mr. David Miscavige, it has been both my observation and experience that he acts 100% according to L. Ron Hubbard policy and with the greatest good for all as the basis of his actions. I have attended many meetings and briefings with him where I have seen him give the utmost care and attention to the staff, individually and as a group, whom he was speaking to and dealing with, all with the result of help and guidance...

3. I have only observed (and been the recipient of) the utmost in care and compassion from Mr. Miscavige when it comes to staff all over the world and people all over the world...

4. ... I have seen Mr. Miscavige go out of his way to help some staff member experiencing a loss or being in trouble on their post or having had an accident or something unfortunate happen, and him personally ensuring that the staff member was being helped or handled. This includes myself.

5. Mr. Miscavige is a friend – a true friend to all staff, to all Scientologists and though they don't know it, to all people. In truth, all I have ever observed and experienced with him has been genuine care and compassion for others no matter who they are – he puts on no airs. From the attention he has given to individual staff he has met, to the briefings he has given to staff in continents all over the world to bring us all together, on the same page, working in a concerted effort. To me, he is a leader like no leader other than L. Ron Hubbard himself. Everything he does is according to L. Ron Hubbard policy and he is a testament to its workability.

...

I declare under penalties and pains of perjury that the foregoing is true and correct.

Executed this 28<sup>th</sup> day of July 2009.
